

Salary Information

If you are a salaried associate this section will show your current annual salary, pay level, bonus potential, if applicable, and the date of your previous and next salary review.

Hourly Wage Rate Information

If you are an hourly associate this section will show your current rate of pay, level, bonus potential, if applicable, and any appropriate wage progression data.

Hourly Wage Progression

For those associate still progressing to the top level of their scales, this screen shows their progress. They will see the current level and their current rate of pay, the next level and the rate of pay associated with the new level, and their progress toward that next level – either Date of Next Increase or hours worked the next level.
